Mr. Joe Miles,
526 North Second St.,
Richmond, Va.

Dear Sir:

Due to the uncertainty I want you to call that game off for Monday, May 11th in Richmond, because we are not certain of any other games and it is too long a trip to make for one game. And since we are not absolutely sure that we could play that one, as we have the rain to gamble with, plus the possibilities of not having the lights ready.

I will get in touch with you next week and see what we can line up for the following week.

Very truly yours,
